

## Supporting block for Euro groove

Combi 500/900 Projecting top hung & side hung fittings.

Nørregade 25 • DK-9700 Brønderslev

Tel: +45 96 45 56 56 • www.pn.dk

### Supporting block for Euro groove

We refer to our complete range of Combi 500/900 projecting top hung and side hung fittings. The block also allows for all round drainage at the top and sides of the sash .

As previously advised in our forwarded INFO, we have now developed the supporting block for Euro groove location and stability.

Used to support sidehung and tophung projecting in profiles with euronot
